- Public Safety
- Agriculture
- Utilities
- Military
- Large Venues
- Rural Access

Enabling Secure & High Performance Private Cellular Connectivity for Enterprises

Bringing High-Speed Broadband Connectivity to Rural & Underserved Areas

Providing Lower-Cost Neutral Host Connectivity Option at Public Venues

### About OnGo Alliance™

The OnGo Alliance™ is a coalition of over 160 member companies, including mobile operators, cable operators, managed service providers (MSPs), mobile virtual network operators, enterprises, and more. The mission of the OnGo Alliance is to evangelize 4G and 5G OnGo technology, use cases, and business opportunities while simultaneously driving technology developments necessary to fulfill the mission, including multi-operator capabilities.
